

SCOUT STAMPS COLLECTORS CLUB

PRICED CATALOGUE OF SCOUT AND GUIDE STAMPS

Compiled by R. E. Rhodes & L. Bowen-July 1959

Introductory Notes

The prices quoted herein are, in the opinion of the compilers, the average market prices prevailing in Great Britain at the time of publication.

The compilers, who are not in business as stamp dealers, do NOT undertake to supply these stamps at the figures quoted.

No attempt has been made to list varieties and specialised material relating to these issues as such material so seldom appears on the market that it is clearly impossible to assess an average price.

Any variation to the prices quoted in this catalogue worthy of attention will be reported from time to time in the Journal and members are requested to retain this list and amend it accordingly, as the Club cannot afford to re-print the catalogue in the foreseeable future.

The compilers sincerely hope that their voluntary efforts in producing this catalogue will be rewarded by the fact of it being put to good use and that it will be of assistance to all S. S. C. C. members.

-----  
Warning

Your attention is drawn to the need to exercise particular caution when purchasing the Mafeking Siege stamps, the Siamese 'Wild Tiger' overprints and the Czecho Slovakia 1918 Scout Post stamps, as forgeries are known to be in circulation covering each of these issues.

-----  
Identification

S. G. Numbers from Stanley Gibbons Simplified Catalogue (1959) have been used; if no number is given, the 'Simplified' catalogue number has not as yet been allocated.

ADDENDUM

There are a large number of "local" stamps issued by Stateless Boy Scouts (Displaced Persons) residing in many countries; some are bona fide, some are bogus stamps and some could more justifiably be classified as 'labels'. The wide range of overprints and varieties of those omissions indicates that a percentage of this material is 'manufactured' for fund raising purposes; even so, they do make an interesting study and many are collectable items.
